1. This Office action is in response to the amendment filed 04/03/02, the substitute specification filed 08/29/02, and the IDS filed 06/11/03. Claims 2-9, 11, 12 and 14-23 are pending. Claims 1, 10 and 13 have been canceled.
2. The substitute specification filed 08/29/02 has been entered.
3. The proposed drawing correction filed 04/03/02 is approved.
4. New corrected drawings are required in this application because the proposed correction of 04/03/02 failed to include replacement sheets. The correction only provided a proposed correction in marked up red ink. Applicant is advised to employ the services of a competent patent draftsman outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The corrected drawings are required in reply to the Office action to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance.
5. The examiner acknowledges receipt of the IDS filed 06/11/03. An initialed copy of the 1449 form is attached.
6. The examiner acknowledges receipt of copies of foreign references filed 04/03/02. This IDS fails to comply with 37 CFR 1.98(a)(1), which requires a list of all

patents, publications, or other information submitted for consideration by the Office.

The copies have been placed in the application file, but the information referred to therein has not been considered.

7. The oath or declaration is defective. A new oath or declaration in compliance with 37 CFR 1.67(a) identifying this application by application number and filing date is required. See MPEP §§ 602.01 and 602.02.

8. The oath or declaration is defective because:

The specification to which the oath or declaration is directed has not been adequately identified. See MPEP § 601.01(a). The declaration fails to identify the specification for which it pertains.

9. Claims 2-9, 11, 12 and 14-23 are allowed.

10. This application is in condition for allowance except for the following formal matters:

New formal drawings including the corrections of 04/03/02, and

A new declaration properly identifying the specification for which it pertains.

Further if applicant wishes the foreign references provided 04/03/02 to be considered an IDS in complete compliance with 37 CFR 1.97 must be submitted.

Prosecution on the merits is **closed** in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.
